### GLOW SERIES

## 12W 300X600 PANEL LIGHT

ECO LIGHT UP has released its new Glow Series of LED Panel Lights. The innovative flat design of the 12W 300x600 LED Panel Light is both energy efficient and of exceptional lighting quality. High quality materials went into the making of this efficient LED, boasting high purity die-cast aluminum heat sink and CE/IF-F approved LED Chip. The Glow Series is flat, slimline and has high lumen output. Ideal for office applications, this LED can be easily installed into panel ceilings and make any area have a radiant glow whilst saving energy and the environment.

#### KEY FEATURES
